Button-eyed Annie

Black Cat Head

Black Cat Head

Needful things.....

- *muslin
- *batting
- *black paint
- *2 black buttons for eyes
- *Orange felt for nose
- *wonder under for nose
- *hang tag
- *22 inch strip of material for around neck.
- *sand paper

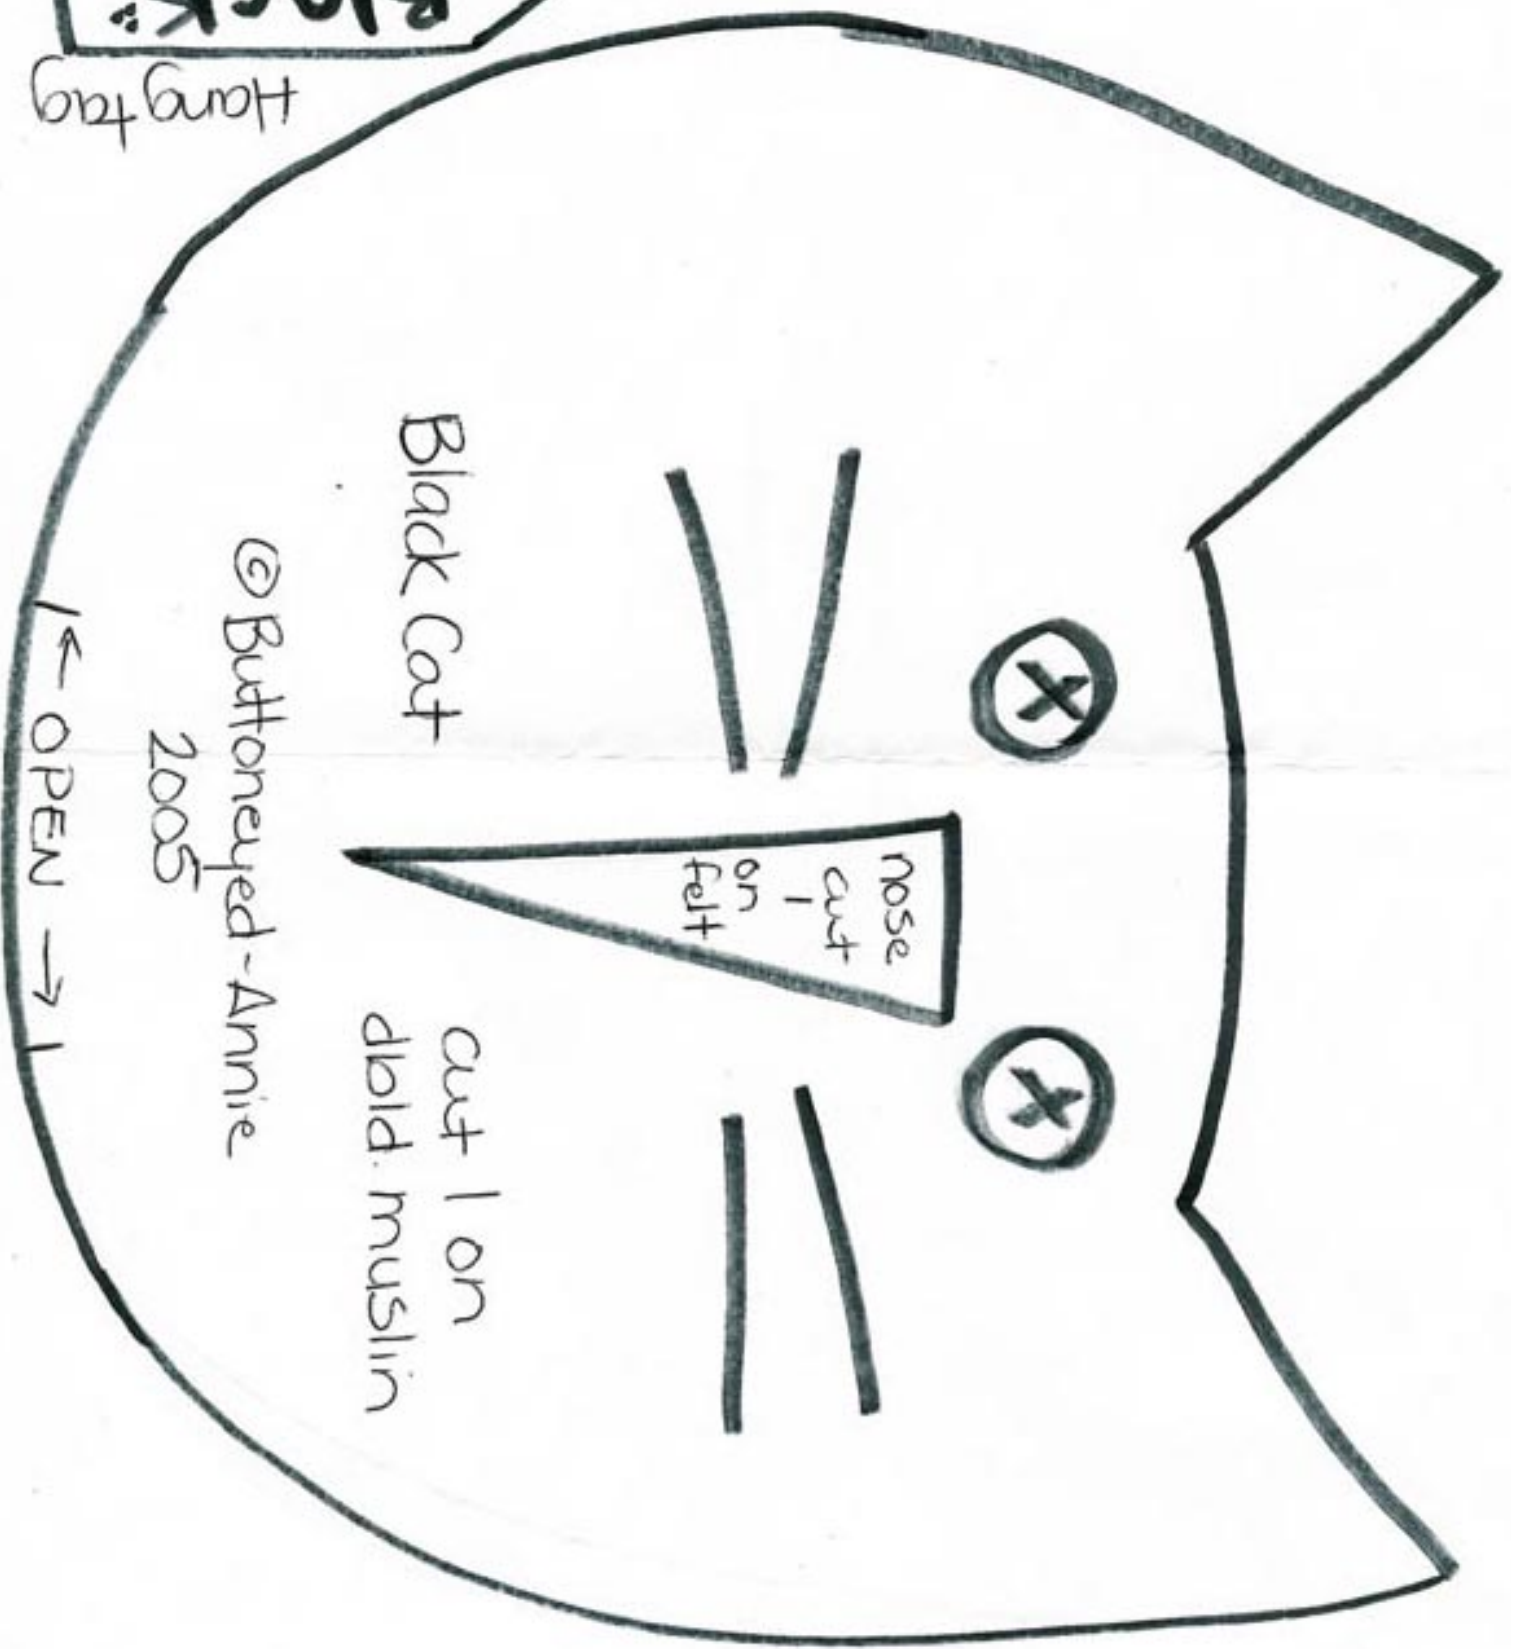

Instructions.....

place pattern piece onto doubled muslin and trace. cut out. With WST sew around trace line. Clip corners, turn RSO. Stuff. Hand sew opening closed. Paint the head black. let dry...then lightly sand. Cut out nose on orange felt. Apply to wonder under and then iron to cats face. Next sew on the buttons...knot off in the back of head. you will need 2 pieces of rusty wire about 5 inches long. poke those thru each side of the nose and then curl with a pen or pencil by wrapping each side around it. Add strip pf material around his neck and tie. I also like to make a few stitches in the back to hold this material into place and this way it wont fall off either. And lastly, add your hang tag!!! And there you go...your very own black cat head!!!

I hope you have enjoyed making this pattern..if you have any questions feel free to contact me.. downhome_primitives@yahoo.com
